CONDUCT A CLEANUP

Grab your supplies and head outside!

Remember to maintain social distance, wear a mask, and wash your hands.

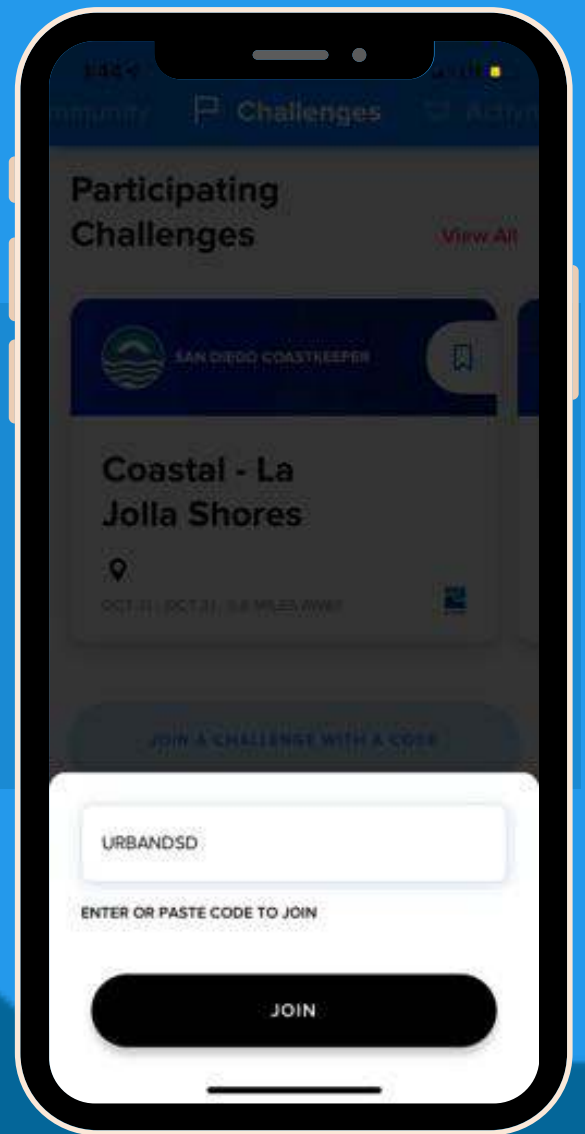

Use your smart phone to take pictures of every piece of trash you find - if there are lots of small fragments in one area, you can simply take one picture of the whole area.

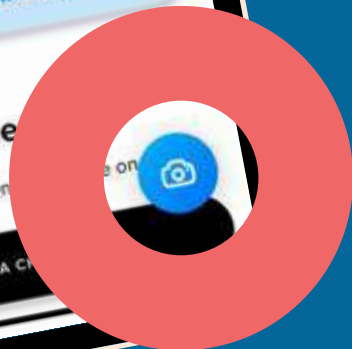

3

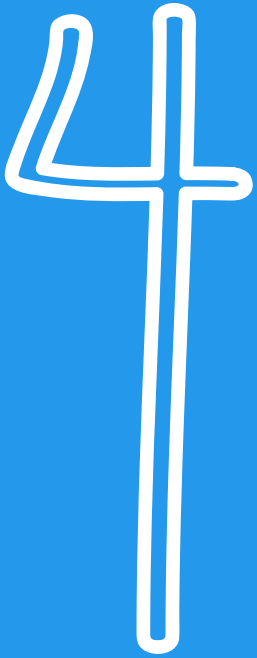

UPLOAD YOUR DATA

When you're done with your cleanup, open the Literatti app and enter your site code.

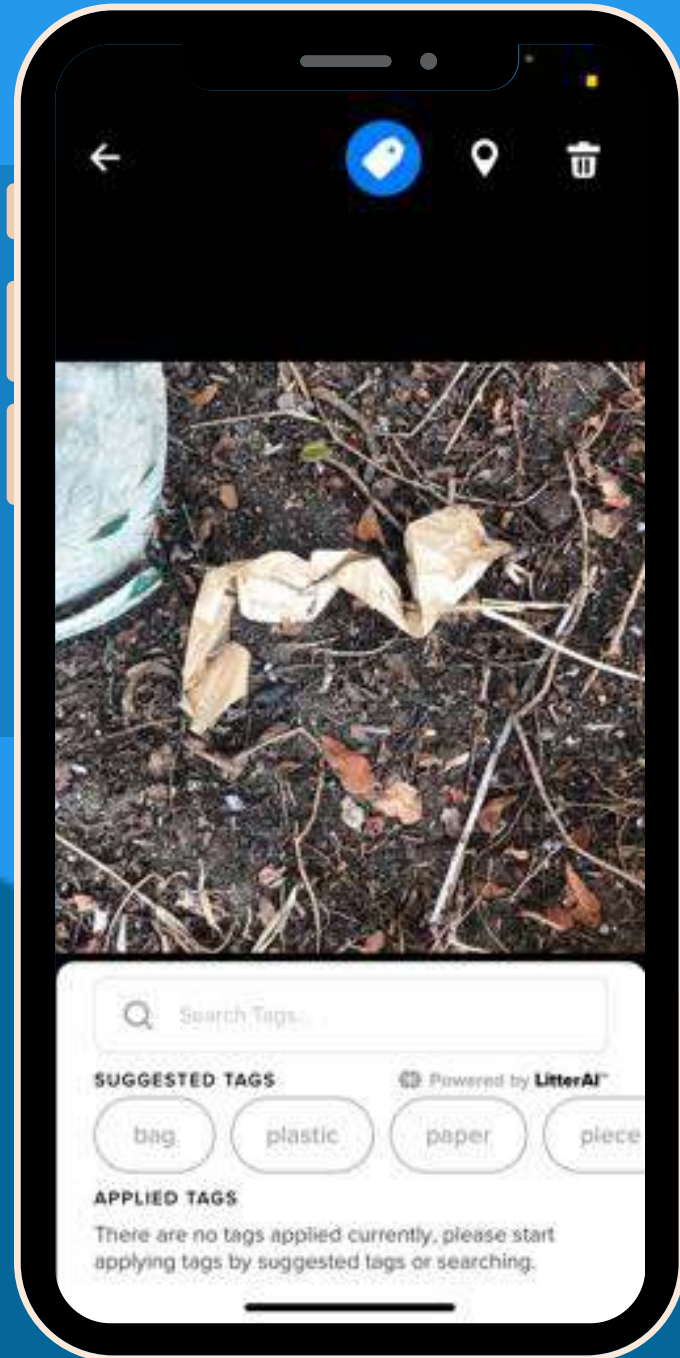

Tap the camera icon in the bottom right corner to batch upload all your pictures of trash collected.

TAG YOUR PHOTOS

Go to your profile and click "Gallery". Your uploaded photos should be there, ready to tag.

Click on an untagged photo and Litterati AI will suggest potential tags for you to choose from or you can simply type in your own tags.
